Offering a stunning position on the banks of the River Bure with impressive panoramic views, this beautifully kept waterside property really is the perfect holiday home, currently run as a successful holiday let.

Built by the owners in 1993, this well proportioned riverside bungalow is of timber construction, sat upon steel subframe and concrete piles, enjoying an elevated position making the most of the ever changing river view. The quay headed frontage extends to approximately 79ft with scope to moor up alongside, while still leaving plenty of room to sit and fish.

The accommodation consists of an entrance hall, dual aspect kitchen/breakfast room, south/west facing living room leading out onto the riverside verandah, three bedrooms and bathroom. Features include full gas fired central heating via radiators, sealed unit double glazing and private off road parking for multiple cars/boats etc.

The current owners use the cottage as a second home, while also capitalising on the sought after location by running it as a well established, fully managed holiday let with a significant number of bookings already in place for the coming season.

Early viewing is recommended.
